

Waste Reduction Partners provides client-focused and results-oriented technical assistance to help North Carolina businesses and institutions be more efficient, economically competitive and environmentally sustainable.

The WRP team conducts on-site assessments and provides consulting services for energy and water efficiency, waste reduction, pollution prevention, operating efficiency improvements and cost effectiveness.

WRP services are grant sponsored or supported through technical service contracts. Services are provided to clients at **no- or reduced-cost**. All services are non-regulatory and confidential.

WRP Helps Clients Achieve Savings

Since 2000, Waste Reduction Partners' team of retired professionals has provided more than 276,075 hours of "pro bono" technical expertise. Recommendations translate to more than \$137 million in utility cost savings, one billion gallons of water saved, 5.6 trillion BTUs reduced, and 267,201 tons of solid waste diverted from landfills.

WRP Services for 2019

who we are

A team of 40 distinguished retired engineers, scientists, and business professionals with more than 1,400 years of experience.

what we offer

On-site efficiency improvement assessments in water and waste reduction, energy management, and pollution prevention.

who we serve

WRP volunteers have helped more than 2,806 clients across North Carolina save money through efficiency improvements.

- o| Manufacturing
- o| Agriculture
- o| Local Governments
- o| Businesses
- o| K12 Schools & Institutions
- o| Non-Profits

- o| **GRANT-SPONSORED ENERGY ASSESSMENTS**
Energy assessments are available for businesses, institutions, non-profits and farms in North Carolina. WRP will provide a report with recommendations, cost-benefit analysis and financial incentives.
- o| **WATER EFFICIENCY ASSESSMENTS**
WRP engineers will perform water-use assessments of facilities in the Triangle and WNC regions. A recommendations report outlines efficiency opportunities, potential savings and payback.
- o| **WASTE REDUCTION AND RECYCLING**
The WRP Solid Waste Team can help your organization improve recycling programs, identify markets for waste streams, pursue zero-waste strategies and save money on disposal.
- o| **AGRICULTURAL PLASTICS RECYCLING**
WRP is assisting growers and nurseries to find recycling solutions for plastic pots, trays, flats, hoop-house film, drip tape, and even mulch films, in the future. Learn more at ncagplastics.org.
- o| **ENGAGE WITH WRP!**
